Pallet Fork Type 6030

Product information

General: For handling of standard pallets from the long side.
Design: Thanks to the spring-loaded lifting eye, the pallet fork is self-balancing, which means that the forks are always horizontal, regardless of whether the pallet fork is empty or loaded. Please note the minimum load specified in the table. Concealed spring and linkage.
Proof: Batch proof 1.5 x WLL

... *Read more*

Material: Beam and plate of high-strength structural steel.
Marking: Maximum load and CE-marking.
Finish: Yellow painted.
Note: Other sizes and designs are available upon request. For customer made forks the type has some restrictions regarding small loads and low profile goods (measure H).
