

Short Link Lifting Chain POWERTEX PSL

Product information

POWERTEX

The POWERTEX PSL Short Link Lifting Chain is a calibrated Grade 10 lifting chain for demanding lifting applications, including building Grade 10 chain slings. It combines reliable mechanical performance with consistent manufacturing and full traceability for professional industrial lifting.

Best used for

- Grade 10 chain sling assembly
- Industrial lifting applications requiring calibrated lifting chain

Product benefits

- Proof load tested to 2.5 × WLL before delivery
- Every production batch tested for minimum breaking force
- Calibrated chain supports accurate sling assembly
- Automatic welding delivers consistent chain quality
- Minimum 20% elongation provides controlled ductility before failure
- Water-based wet spray blue finish for durable corrosion protection
- Manufactured in Europe and compliant with Machinery Directive 2006/42/EC
- CE, UKCA and traceability marked with 2.2 Certificate and Declaration of Conformity included

Material: Quenched and Tempered Alloy Steel of Grade 10 quality

Marking: According to standard, CE-marked, UKCA-marked, Factory symbol, Grade (10), Traceability batch marking

Temperature range: -40°C up to +200°C without reduction in WLL

Finish: Water based wet spray blue painted

Standard: EN 818-2 (+ 25% WLL), AS 2321, ASTM A973/A973M

Safety factor: 4:1

Grade: 10

Short Link Lifting Chain POWERTEX PSL
