

Rescue Hauler Pulley ISC R-Alf

Product information

The ISC R-Alf™ is an auto-locking rescue hauler fit for rescue, confined space and suspension systems. The pulley has an over-speed brake built in that will lock on and hold when a fall occurs.

The load rated becket eye on the R-Alf™ can be used in combination with prussik pulleys to create a 3:1 or 5:1 hauling kit.

Material: Aluminium, stainless steel

Marking: CE-marked
