

Elevator

Trulift 8S

Product information

Higher strength
Lower stretch
Uniform diameter
Good diameter retention
Improved fatigue performance

Tolerance more than 10 mm: 0% - +5%
Tolerance less than 10 mm: 0% - +6%

Features: High quality steel core lift rope
Material: High Carbon Steel
Marking: According to standard, On Termination ID and CE mark
Finish: Ungalvanised
Standard: EN 12385-5

Fill factor: 0.59
