Evacuation triangle PITAGOR, Petzl

Product information

Comfortable evacuation triangle with shoulder straps

The PITAGOR evacuation triangle is designed for rescue operations and cable lift evacuations. The ergonomic shape of the seat and the presence of shoulder straps makes suspension more comfortable than with a classic evacuation triangle. Color-coding differentiates the back and seat, as well as the closure system, making it easier to put on the evacuee. The high-strength TPU tarp material allows regular to intensive use.
