

## Lubricant Brilube 40

### Product information

**Typical applications:** Lifts, elevators and similar friction driven rope installations.

**General:** A synthetic lubricant which deposits a slip-resistant film on the wire surfaces. Formulated for use where frictional grip is vital, it provides internal lubrication whilst avoiding excessive build-up with repeated applications.

**Minimum application temperature:** -5°C.

**Application method:** Dipping or brushing.

**Temperature range:** -80°C up to +40°C
