

Pulley TRAC

Product information

Pulley with integrated connector for tyroleans and adventure parks. The Trac pulley is easy and quick to install on cables or ropes. The device is drop-proof thanks to the VERTIGO carabiner attached to the pulley. The carabiner has an automatic locking mechanism. The two sheaves on the pulley ensure good stability, the covers on the front and rear reduce the risk of pinched fingers, the two supports for the progression carabiners protect them from cable wear. The pulley is suitable for intensive use.

Working load limit: 1.4 kN.
Material: Aluminum, stainless steel, nylon
Marking: According to standard, CE-marked, Serial number, data of manufacture, batch number, ID, manufacturer address
Standard: EN 12278
