

Material Basket

Product information

General: Lifting bucket for the safe handling of loose materials. The cylindrical design reduces the risk of the bucket being snagged during lifting.

Design: Robust welded design with drain holes in the bottom. The bucket is stackable and is supplied complete with beam and chain.

Proof: Batch proof 1,5 x max last.

Material: Basket and beam of high-strength structural steel.

Marking: Maximum load and CE-markning.

Finish: Yellow painted.
