Harness KAMI 1

Product information

KAMI 1 is a PPE body harness with one dorsal D-ring for fall arrest. It is built for straightforward fall-arrest use where a simple, universal-size harness with adjustable fit is required.

Product benefits:

- Dorsal D-ring provides a dedicated fall-arrest attachment point.
- Adjustable thigh straps and sliding chest-strap plates improve fit.
- Dual-colour straps help users identify shoulder and thigh webbing faster.
- Sit-strap placement supports comfort during longer wear periods.
- Max.user weight up to 140 kg.
