Forked Energy Absorbing Lanyard with Alu Connectors Curiosity S

Product information

CURIOSITY-S is a forked energy absorbing lanyard made with 11 mm polyamide kernmantle anti-abrasion rope, designed for fall arrest work where twin-leg connection is needed. It includes a zipped-pocket energy absorber and aluminium connectors, with a maximum user weight of 140 kg.

Connectors: 1 aluminium quarter turn-locking karabiner, ref. FA 50 201 22 at one end and 2 aluminium scaffold hooks, ref. FA 50 218 60 at the other ends

Product benefits:

- Zipped-pocket energy absorber helps protect the absorber during use.
- 11 mm kernmantle rope supports abrasion resistance in demanding work environments.
- Forked layout supports continuous attachment when moving between anchor points.
- Aluminium quarter-turn locking karabiner and scaffold hooks provide a defined connector set.
- Was tested to PPE-R/11.074 and PPE-R/11.063.
